

## ADAMS ELIGIBLE FOR \$4,420 IN STATE MONEY TO AID INDUSTRIES

Adams County is eligible for approximately \$4,420 in industrial development assistance funds, it was disclosed today by state Commerce Secretary William R. Davlin.

Secretary Davlin said up to 10 cents per capita is available to county or regional industrial development agencies. The state funds must be matched by similar funds raised by a non-profit agency designated by the county board of commissioners.

The estimated amount available to an authorized agency in Adams County is based on the 1950 census figures, as required by the law that provided these funds, Davlin said.

Asked by The Gettysburg Times whether the Chamber of Commerce expects to take any steps to secure such funds for use here, President Julian Estep of the Gettysburg Chamber said he will turn the information over to the industrial committee of the local Chamber with instructions for them to get in touch with the county commissioners and find out whether some or all of this money can be put into use in this county.

In announcing the figure for Adams County, Secretary Davlin said county approval must be followed up with approval by the municipal councils in cities, boroughs and townships representing combined total of at least 50 per cent of the county's population.

20 Counties Participate

"To a large extent," says Secretary Davlin, "chambers of commerce or their industrial development arms, in a particular county are the agencies designated for administration of these funds."

"To date 20 counties are participating in this promotional program and the results have been clearly evident in a number of ways. With

## KRAPE TO SHOW HIS ART WORK

Ernest F. Krape, Gettysburg R. 5, is among 90 persons studying art this summer at the Pennsylvania State University who will exhibit their work in one of the leading student art shows in the east, August 3 to 7.

The students, ranging in age from under 20 to over 70, are enrolled in drawing and painting courses under four guest artists at Penn State. Their works will be shown in the University's Hetzel Union Building, and judged separately by a professional critic and a lay jury, picked at large from the community.

This summer's professional judge will be Joseph T. Frazier, director of the Pennsylvania Academy of Fine Arts in Philadelphia, the nation's oldest art school.

Four Instructors

This summer, the student artists live and work in one of the Penn State's new residence halls, which has been converted into quarters for them. Their instructors, who also live in the building, include Hobson Pittman, instructor at the Pennsylvania Academy of Fine Arts and the Philadelphia Museum of Art; James E. Dwyer, instructor at Syracuse University; Peter M. Jenkin and his wife, Julie Jenkin, both instructors at Carnegie Institute of Technology.

Pittman is represented in nearly every major museum in the country, and as far abroad as Cairo. Peter Jenkin has taught and exhibited in Peru and in several American galleries, while his wife is a well-known Pittsburgh artist. Dwyer studied and exhibited in Paris before teaching in this country.

All the instructors, except Pittman, are new to the visiting faculty. In his 27 summers at Penn State, Pittman has seen his oil painting class grow into one of the largest summer art groups in the country.

MARKET SLOWS

NEW YORK (AP) — Stock market prices nudged ahead irregularly in moderate trading early this afternoon.

After seven straight three-million-share days which included six successive advances, the market ran into a breathing spell. Opening prices were mixed and shortly thereafter trading became very sluggish. An improvement in prices was accompanied by a pickup in activity.

Robert J. McMullin, 30, director of the Adams County Child Welfare Services since June 18, 1956, Wednesday presented his resignation as director to the Adams County

ROBERT J. MCMULLIN

Commissioners, but will continue to serve in the position until his successor is named.

A Navy veteran and former social worker of the Philadelphia Children's Aid Society, McMullin was the first man to serve as director of the county Child Welfare Services since its establishment 18 years ago. The service has had nine directors since its establishment in 1939.

In his letter of resignation McMullin offered to assist the Adams County Child Welfare Services Advisory Board in seeking a successor for the \$5,500 a year post and in addition the State Bureau of Children's Service will assist in attempting to secure a new director for the county.

J. Blaine Bushey, the commissioner directly responsible for Child Welfare, said McMullin is planning to return to the Philadelphia area to continue in social work there. He also noted that the decision of McMullin to continue until a successor is secured will permit a continuity of the services in the county.

McMullin is a graduate of Girard College and Temple University, Philadelphia, and took further studies in welfare work at the University of Chicago.

Mrs. William Morrow, Chambersburg St., recently elected for the \$3,560 position of social caseworker, will begin her duties Monday at the local child welfare office. She succeeds Mrs. Daniel A. Paddock. Mrs. Carl Van Lowe, Gettysburg R. 2, employed as a summer case worker continues until September 1.

## SUMMIT TALKS IN U. N. SEEM NEARLY CERTAIN

WASHINGTON (AP) — An historic summit conference in the U. N. Security Council seemed almost certain today, but U. S. officials said several problems still must be ironed out before final agreement can be achieved.

Soviet Premier Nikita Khrushchev snapped up Wednesday night Western proposals that a summit meeting on the Middle East crisis be held within the Security Council. He announced he could be in New York next Monday. But authorities here said that date for the opening was too early.

President Eisenhower and Secretary of State Dulles were consulting with British and French leaders on a prompt reply to Khrushchev's conditional acceptance. Pending these consultations, it was not at all clear that his conditions would be fully met. Further negotiations between the Soviet Union and the Western powers are inevitable.

Presidential press secretary James C. Hagerty told newsmen he did not expect the answer to Khrushchev's latest statement to be immediate, but he did not rule out the possibility it might come later today.

The belief was strong in diplomatic quarters here, however, that the obstacles will be overcome and the conference opened within two or three weeks.

The principal difficulties still in the way of arranging the proposed meeting, as defined by officials here, are these:

1. Khrushchev's acceptance mentioned specifically the attendance also of Eisenhower, British Premier de Gaulle and Prime Minister Nehru of India.

But Paris dispatches said it was unlikely that De Gaulle would attend. While favoring a summit meeting in principle, he has publicly announced his opposition to such a meeting at the U. N. at this time on the ground that it would be a propaganda battle royal. The question raised by his attitude is this: If De Gaulle flatly refuses, as French diplomats predict he will, will Khrushchev come anyway?

2. Khrushchev said that invitations to participate must go to Prime Minister Nehru and the governments of the Arab countries. But neither India nor most of the Arab states are members of the Security Council. It could participate as nonvoting guests if the Council invites them as interested parties, but even this would change the nature of the meeting that the Western powers envisioned — that is, an extraordinary session of Security Council members.

## BIGLER BANK TO DISPLAY COINS NEXT WEEK

From July 28 to Aug. 2, the Biglerville National Bank will display an unusual exhibit of coins actually minted during Bible times. Ranging in date from 650 B.C. to 337 A.D., the coins might actually have passed through the hands of Joseph or Caiaphas, Herod or Judas.

Mounted in four plastic frames the collection first shows the gradual invention of coinage. In the time of Abraham jewelry and lumps of precious metal were weighed in units called shekels. Some of these little oblongs of silver are in the collection.

On display also is the denarius carrying the image of Tiberius Caesar, the widow's mite minted as early as 135 B.C. and struck again by Pontius Pilate. The Vespasian coins, showing "Judea Capta," mark the retaliatory vengeance of the Romans for a Jewish uprising.

Greek And Syrian Coins

There are also beautiful Greek and Syrian coins bearing the heads of gods, turtles, the sacred owl of Athena, goddess of wisdom, and Nike, goddess of victory. These, too, were circulated among the contemporaries of Christ.

Here is history in the language of money: The invention of coinage, coins of the Roman Empire, Jewish coins issued by the Herods and the Roman procurators, coins issued during persecutions, and coins displaying the political events which formed the background of Biblical times.

The collection carries a set of printed comments explaining the history of the coins, their minting and use, and their appearance in the Bible.

CAPE CANAVERAL, Fla. (AP) — Ships and planes searched Atlantic waters off the African coast today for a small white mouse who could tell man a lot about the perils of travel in outer space.

The mouse, named Wickie, was blasted aloft Wednesday. She rode in an air-conditioned chamber inside the nose cone of a Thor-Able rocket.

The rocket, said the Air Force, performed satisfactorily. That meant that it climbed 600 miles above the earth, then angled over into a horizontal flight that reached 6,000 miles to the vicinity of Ascension Island near the African continent.

If the rocket's nose cone was found after its plunge from space, it could solve many secrets.

Military men wanted to know if the cone could withstand the

## JERRY R. SMITH IS RE-ELECTED LEAGUE LEADER

Jerry R. Smith, Dallastown, was re-elected president of the Luther League of the Central Pennsylvania Synod of the United Lutheran Church in America at the annual convention being held at Gettysburg College.

Smith, a 23-year-old veteran of four years' service as an officer of the Synodical Luther League, will enter Gettysburg Lutheran Theological Seminary this fall as a student.

Betty Miller, Hungerford, was elected first vice president; Ronald Shonk, Manheim, second vice president; Jerry Stough, York, secretary; and Nancy Pink, Myers-town, treasurer.

### Others Named

Named as statistician was Suzanne Rowe, Johnstown. Rev. Charles A. Chamberlain, Altoona, was renamed pastoral advisor, and Jean Doll, Lancaster, was selected as lay advisor.

Rev. Chauncey J. Varner, executive secretary of the Pennsylvania Council of the United Christian Youth Movement, was the principal speaker at this morning's session. This afternoon Miss Betty Miller, the new first vice president, will present her report as evangelism secretary, and Rev. F. Leslie Conrad Jr. will make the Luther League of America presentation. Tonight the Rev. Edwirth E. Korte, chaplain of Gettysburg College, will speak on "An Honest and Good Heart."

At this morning's sessions the group completed their adoption of proposed revisions of the constitution and bylaws of the Synodical Luther League. Most of the changes were in wording pertaining to designation such as a change from "Executive Committee" to "Executive Board," and similar changes on meetings to make the reading in some instances state "meet at least four times a year" instead of reading "meet four times a year." One change set ages for the membership from 12 to 24. Previously the wording was "12 years of age and over."

Space scientists who hope someday to send men to the moon and beyond were especially interested in how the mouse fared in the 12,000 m.p.h. journey to space and back.

If Wickie survived, it would be the first known time that a living animal had gone into space and returned alive.

This was the third test of a Thor-Able rocket, a two-stage vehicle.

The first failed April 23.

On July 9, the second Thor-Able became the first U. S. ballistic missile to travel the 6,000-mile intercontinental range. Attempts to recover its nose cone and a mouse rider were unsuccessful.

Ships, Planes Seek Mouse In Cone Of Thor-Able Rocket

Governor George M. Leader called on the more than 600 youths and leaders assembled at the annual convention of the synodical Luther League Wednesday evening at 7:30 o'clock in Christ Chapel on the College Campus "to make politics reflect the teachings of Christ" by searching for candidates "who will bring Christianity to government" and, should they be candidates themselves, by applying "Christ's teachings to government."

Leader set the theme for his talk with a quotation from William Penn on the subject: "Governments go by the motion men give them." He pointed out that Penn thus underlined the duty of each American to his government. "I am responsible," he said, "as an American living in a democratic nation, for the kind of government I get."

### What We Deserve

"I, and people like me, get what we deserve from the people we elect. If our government is decent, moral, healthy, we who chose its representatives are most likely the same way."

"If our government is crooked, inefficient, callous of human need, we who chose it have made it that way."

"The point is that people get the government they deserve."

### Penn Was Right

"William Penn was right, you see. Governments do go by the motion men give them."

Expressing his distaste of the low esteem in which politicians are held, Leader reminded his audience, "Religious Americans created for themselves a government under God. They began the job in 1776, and nourished their ideals with blood and sacrifice. With toll and patience, they built this government — brick upon brick — as men who believed in the importance of what they did."

"They have died when necessary to maintain this government, and the freedom it secures, through Civil War and foreign wars. They have patched it here, strengthened it there, loosened it where its bonds constricted — always expanding their energies recklessly to keep it strong."

Two Centuries Of Toil

"For nearly two centuries, Americans have toiled at the unending task, bringing to their work as much humility as fortitude, and asking God's guidance and blessing every step of the way."

"If, now and then, someone breaks a window in the mansion of liberty, thank God we always have men ready and willing to repair the damage."

The governor scored those who shirked their political responsibilities, paying lip service to principles, preaching Christianity rather than practicing it.

"Spiritual Golf"

"We see all around us men and women to whom Christianity is little more than a socially acceptable hobby, a sort of spiritual golf, a form of activity suitable for indulgence on Sunday — if not any other day of the week."

"These are perfectly nice people. And every Sunday they climb into their nice cars in their nice Sunday clothes and drive to the nice neighborhood church."

"But secretly, they think Christ's teaching makes nice reading, or listening; but it's much too important."

sufficient funds, many counties have been able to map out a smart advertising campaign; they have come up with plant site surveys; they have been flexible enough to deal with potential new industry at a moment's notice; and they had the other tools necessary for reviewing the resource advantages available in their area for particular industries.

Among the "results" cited by Secretary Davlin is an upswing in the number of new job opportunities in Pennsylvania during 1957, the first full year the Industrial Development Assistance Law was in full effect. He said new industrial facilities in Pennsylvania during 1957 created a minimum of 33,675 new job opportunities, compared with 28,571 in 1956.

"In addition," Davlin said, "increased activity at the community level has added to the number of new job opportunities in which PIDA loans (Pennsylvania Industrial Development Authority) were involved.

## Paid Quarterly

"It has been 23 months since PIDA was authorized, through the bipartisan efforts of the state legislature. A minimum of 9,649 jobs have been created during this period with the help of PIDA loans. PIDA joined with local industrial development agencies and with local banks to create 54 new or expanded plants in 38 Pennsylvania cities and towns."

Pennsylvania's \$1,000,000 Industrial Development Assistance Law, passed by the 1955-56 General Assembly and signed by Governor Leader in May of 1956, is currently in use in 20 counties. These include: Lancaster, Erie, Allegheny, Philadelphia, Fayette, Berks, Lycoming, Mercer, Huntingdon, Bucks, Blair, Washington, Greene, Lackawanna, Clinton, Warren, Venango, Cambria, Sullivan and Lehigh.

## Commerce Department officials

said a part of a grant is paid to the industrial development agency every three months over a one-year period. In accord with another of the Act's requirements, the industrial development agency will show evidence of its expenses and accomplishments. The Department of Commerce will then authorize a grant payment to meet half of the expenses.

President Wants All Rules  
Spelled Out Clearly Before  
Holding U.N. Summit Meeting

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Eisenhower began writing a new message to Premier Khrushchev today insisting that the ground rules be spelled out clearly in advance of a United Nations summit conference.

U.S. officials said it seems certain that the meeting will be held. But here, and in other Western capitals, the view was that the opening day suggested by Khrushchev, next Monday, is much too soon.

Diplomats estimated it would take two or three weeks of negotiations to determine exactly what countries should be included and what procedures should govern discussions.

**Precedents Due**  
Nothing quite like the proposed historic conference has ever been held at the U.N. Security Council in New York. Important precedents will be set.

Recognition of this was reflected in a stand by Senate Republican Leader William F. Knowland of California that the free nations should not accept any Khrushchev conditions which weaken the U.N. Knowland told a news conference he considered a fundamental issue to be whether the Soviet government, or any other country, can in effect unilaterally change the procedures of the U.N. by fiat of its own.

**Jeopardize U. N.**  
If this is permitted, he said, it will in effect have undermined and ultimately jeopardized the future existence of the organization.

Knowland's views are among a considerable flow of congressional opinion that the White House is receiving informally through liaison officers.

An idea put forward by Sen. Hubert H. Humphrey (D-Minn.) is that Prime Minister Ben Gurion of Israel and representatives of the Arab states should be included

TO ENTERTAIN  
250 TEACHERS  
FROM ABROAD

Two hundred and fifty home economists from all parts of the world will be entertained by the Cumberland County Council of the Future Homemakers of America Friday afternoon at a tea and tour of the homemaking rooms of the Future Springs High School. Mrs. Mary Diehl, Biglerville home economics teacher, is one of the sponsoring group.

The group will be enroute from the Pennsylvania State University to the University of Maryland where they will attend the Ninth International Congress on Home Economics sponsored by the International Federation of Home Economics, scheduled for July 28 to August 2.

Teachers and Future Homemakers of America members from the West Shore, Cumberland Valley, Mechanicsburg, Boiling Springs, Big Springs, Green Park and Biglerville chapters will prepare refreshments, demonstrate typical homemaking activities and serve as tour guides and table hostesses for the local stopover, sponsored by the State Future Homemakers of America.

Mrs. Clio S. Reinwald, coordinator of homemaking education and state FHA advisor, and Gail Ann Wyman, state FHA president, will be special guests. Welcoming visitors in the homemaking department will be Mrs. Ann Malone and Mrs. George E. Taylor, homemaking teachers. Greetings will be extended by Dr. J. Paul Burkhardt, superintendent of Cumberland County schools, and George E. Taylor, supervising principal of South Middleton Township schools.

During the international sessions next week, the delegates will discuss ways to build up programs of education, of community services, and of research in home economics which will contribute to the well-being of families in all parts of the world. The general theme of the week-long congress will be "Education in Home Economics Relative to the Social and Economic Condition of Individual Countries."

FLORENCE, Italy (AP) — How high is high? How far above the waist, how near the bosom?

That is being determined at the Florence fashion shows now that Italian couture has declared itself in favor of the high demarcation line between bodice and skirt. Veneziani, whose collections received ovations Wednesday night, binged her skirts about the level of the second rib.

MAY DROP PLANS  
IN ADAMS' CASE

WASHINGTON (AP)—A House Armed Services subcommittee may abandon plans for a public hearing into Sherman Adams' connection with an Army contract settlement.

Chairman F. Edward Hebert (D-La.) said the group, already running behind schedule on its preliminary closed-door sessions, won't consider open hearings until its record is complete.

He said the subcommittee might decide to make public the transcripts of testimony taken behind closed door rather than recall witnesses for open questioning. Hebert said the probe would continue into next week.

**Studies Pressure**  
The subcommittee is trying to determine whether Adams exerted any improper pressure in behalf of Raylaine Worstad Inc., of Manchester, N. H. The firm last year received a \$41,284 rebate on a 16-year-old penalty payment for late delivery of fabrics.

Adams, top aide to President Eisenhower, has said he did nothing more than pass along routine queries on the case. Former officials of Raylaine, now defunct, also deny that any pressure was brought.

Norm Siebern On  
8-Game Streak

DETROIT (AP) — Just a few weeks ago Casey Stengel called Norm Siebern "an almost big leaguer."

Now Siebern, the latest in a long line of slugging New York Yankee outfielders, has persuaded his manager to remove the "almost" part of the description.

Siebern is on an eight-game hitting streak in which he has collected 20 hits in his last 37 at-bats for a .541 batting average. In his last two games, against the Detroit Tigers, Siebern has hit safely six times in 10 at-bats, pounded out a pair of home runs and driven in five runs.

Currently hitting .321 with nine home runs, Siebern is helping Yankee fans forget about Mickey Vernon's off year.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
TWENTY YEARS AGO

**Demolition Of Vets' Camps To  
End In Week:** Under the alert eye  
of Major Coleman B. Mark, the  
man who built the veterans' camps  
here during May and early  
June, the more than 3,500 tents  
have been stripped of canvas and  
their framework are being trucked  
to local railroad freight stations  
for shipment to Army posts in  
Maryland and Virginia.

This morning while college  
buildings that had housed the  
federal commission and head-  
quarters units were being official-  
ly turned back to college officials,  
Major Mark estimated that about  
one more week will be required  
to complete the removal of all  
camp fixtures and possibly an  
additional week will be needed to  
restore the grounds to the exact  
condition in which they were when  
first occupied for camp purposes.

**Buffalo Vet, 87, Quits Hospital:**  
Last One To Go: The last of the  
more than 1,800 Civil War veterans  
who came to Gettysburg for the  
Blue and Gray reunion on the 75th  
anniversary of the battle here  
started homeward from the War-  
ner hospital late Sunday evening.

Dr. Andrew I. McClellan, 87, a  
Union veteran, was taken to Har-  
rington by ambulance and there  
placed on a train which took him  
to Buffalo. Upon his arrival there  
sometime this morning, the veter-  
an, who suffers from a fracture  
of the left leg near the hip, was  
to be admitted to the Marine  
hospital.

Doctor McClellan, a retired  
physician, was injured on the morn-  
ing of Saturday, July 2, when he  
slipped on a wet boardwalk in  
front of his tent in the Union camp  
and fell. He had been a patient  
at the Warner hospital since that  
time.

**'I Thought It Was California'**  
Says Flier, 31, After Atlantic Hop  
To Ireland In Old Plane: Baldon-  
nell Airport, Dublin, Ireland, July  
18 (AP) — An antiquated single-  
motored American airplane flut-  
tered down here this afternoon  
after its owner, 31-year-old Douglas  
Corrigan, had pushed it across the  
Atlantic in a surprise, unsanctioned  
flight from New York.

It taxied across the field and  
wheezed to a stop. Flabbergasted  
Irish airport officials rushing to  
the machine saw a grinning pilot  
climb out.

"I'm Douglas Corrigan," he  
said, "Just got in from New York.  
It took me 28 hours and 13  
minutes. By the way, where am  
I?" the flier asked the gathering  
Irish.

Then, quite belatedly, attendants  
thought of landing papers and  
asked Corrigan for them.

"Forget it," he said, yawning.  
"I thought it was California all  
the time."

## Today's Talk

## SIMPLIFY

Simplify, simplify! That is what  
Thoreau was forever trying to get  
within the ears of all to whom  
he wrote. He was the big example  
of all his wise thinking and living.  
And for that alone millions of in-  
telligent people bless him and be-  
come his followers. But he was no  
experimentalist! Such a wise basis  
of fact was Thoreau's that he could  
have dropped his experiments —  
and no one would have noted, for  
his cry was for simplicity, and  
simplicity again and again.

How we fret and fume over  
nothing! William James writing  
about inner joy, in the spirit that  
Stevenson did, explains that Whit-  
man, too, carried that inner joy  
about with him. James's kindly  
criticisms of noted people contem-  
porary with him are most interest-  
ing. Of Kipling, in 1891, he said:  
"Much of his present coarseness  
and jerkiness is youth only, divine  
youth. But what a youth!" and  
then he said: "On the whole,  
bless him."

I note that in New York City  
all the great high buildings being  
erected are most simple in de-  
sign. They are not primarily show  
places, but business structures  
aimed at efficiency, comfort, and  
simple beauty. The day of the  
flagrant ornate is over. As to our  
churches and public buildings, why  
shouldn't they be works of art?  
Henry Ward Beecher once said  
that you couldn't make a church  
too beautiful.

If we simplified our work each  
day and tried to get others to do  
the same, what a new world would  
take place on our own face, and  
that of others. Too much confusion  
goes on, and there is too much  
noise! There are not enough happy  
faces in the world.

Tomorrow Mr. Adams will talk  
on the subject: "I Like People!"

Matthew Adams Service

## ENVY

Young man, if I could have my wish  
As I take this cigar from you,  
It wouldn't be for wealth or fame,  
For glory or an honored name,  
But it would be that I might, too,  
Come down the street, my head  
awhirl,  
And shout: "Here, smoke, for it's  
a girl!"

I envy no king crown or throne,  
Nor any man all of his wealth;  
I envy no man's splendid home,  
The leisure that he has to roam.  
I am content to have fair health,  
But in my heart I envy you;  
Cigars I'd like to pass out, too.

I've lit your good cigar, and now  
Are visions dancing in the smoke,  
Time was my heart leaped with the  
thrill  
Of joy, as yours—but now 'tis still,  
And I sit and choke.  
So, it's a girl? Horray! Horray!  
But, young man, how I envy you.

JOE BROWN IS  
WINNER OVER  
KENNY LANE

By HAROLD V. RATLIFF  
HOUSTON, Tex. (AP)—Boxing's  
thin man, miniature dark destroy-  
er Joe Brown, is going to get a  
good rest, a reward for being one  
of the busiest champions in the  
game today.

Little Joe beat Kenny Lane of  
Muskegon, Mich., the last per-  
sistent challenger for his world's  
lightweight title, Wednesday night  
before the largest crowd in Texas  
boxing history—10,994.

Lou Viscusi, Brown's manager  
observed: "He is the only cham-  
pion to defend his title three times  
in eight months. He deserves a  
rest. I have no plans for him at  
this time. I am now concentrating  
on the Floyd Patterson-Ray Har-  
ris fight."

Viscusi also manages Harris.  
Brown won a unanimous but  
close decision over Lane, the  
rugged farm boy from Michigan,  
who had some bright moments in  
his efforts to become the first left-  
handed lightweight champion.

Lane claimed he thought he had  
such a lead that he coasted the  
last round. But it was the last  
round that Brown won the widest  
margin — and that apparently  
was what clinched the fight to  
Brown.

It was a steady, hard-socking  
bout that saw Brown do the most  
physical damage but never able  
to land the kind of blow that had  
sent four previous challengers  
kicking since he became cham-  
pion in August 1956.

Each entered the fight weigh-  
ing 134½ pounds.

## "GOOD LISTENING"

Listen to the music . . . that  
elevates your heart . . . not the  
jangled tunes that tear  
shaky nerves apart . . . lend  
your ears to melodies . . .  
filled with love divine . . . not  
the kind of things that cause  
searching hearts to pine  
I am well aware that  
trends . . . quickly come and  
go . . . and that there are  
always those . . . on whom  
such things grow . . . this is  
as it should be . . . and I do  
agree . . . the spice of  
this great life . . . is variety  
back we go once more

Vic Davis not only pitched a 7-  
hit shutout at Albany Wednesday  
night, but drove home the first  
two runs in Springfield's 7-0 vic-  
tory over the Senators, who are  
leading the Eastern League's  
Northern Division.

Davis came through with a second  
inning bases loaded single to  
help notch his sixth win against  
two losses. He was in trouble  
twice. He loaded the bases in the  
opening frame and again in the  
seventh but managed to pitch  
himself out of both situations.

Binghamton pulled one out in  
the seventh at Williamsport when  
a long fly fell in for a two-run  
triple that gave the Trips a 3-2  
win over the Grays.

York scored all its runs in an  
early spurt in its home game  
with the Reading Indians, and  
coasted to a 9-4 win, staving off  
a late Reading rally. Paul Toth  
won it in relief.

BRAVES BLANK  
CARDS AS PHILS  
DROP GIANTS OUT  
OF NL LOOP LEAD

## By ED WILKS

Associated Press Sports Writer  
Phil Jones has won another big  
one for Milwaukee, this time with  
a two-hitter that hoisted the  
Braves back into the National  
league lead.

Young Joey Jay blanked St.  
Louis 6-0 on a pair of singles  
Wednesday night as the champs  
moved a full game ahead of San  
Francisco.

The Giants, after winning six in  
a row, slipped to second with 3-2  
and 2-0 defeats at Philadelphia.  
The first was a completion of a  
June 22 suspended game and  
marked Eddie Sawyer's return as  
manager of the Phils, who moved  
from sixth to within .001 of fourth-  
place St. Louis.

Redlegs Won In 10th  
Cincinnati defeated the Chicago  
Cubs 6-5 in 10 innings and Pitts-  
burgh plunked Los Angeles back  
into the cellar with an 11-3 and  
6-3 two-night sweep.

Jay, 22, has won five in a row  
for a 6-3 record.

The Phils trailed 1-0 with two  
on and two out in the sixth when  
the June 22 curfew sounded.  
Wednesday night, lefty Harry An-  
derson tagged a three-run homer  
off southpaw Johnny Antonelli  
when play resumed. That beat  
Ruben Gomez, the starter back in  
June, and gave Robin Roberts a  
9-9 record although the Phils  
managed just three hits.

12th For Sempoch  
The Giants' streak officially  
ended in the regulation game.  
Rookie Ray Sempoch won his  
12th with a five-hitter for his sec-  
ond shutout, both over the Giants.

Frank Robinson drove in four  
runs for the Reds, two with a  
double that capped a four-run fifth  
and the other pair with his win-  
ning, 13th homer off reliever Don  
Elston (7-6). Hal Jeffcoat (5-6)  
won it in relief, after giving up  
Bobby Thomson's solo homer in  
the 10th. George Crowe also belted  
a two-run homer for the Reds.  
Ron Kline won his 10th with a  
four-hitter in the opener for the  
Pirates, blanking the Dodgers on  
one hit after Steve Bilko's homer  
in the first inning. Stan Williams  
(6-4) lost it. Roberto Clemente  
lined a three-run, inside-the-park  
homer.

Dick Groat, who had two RBIs  
in the opener, drove in four in  
the nightcap.

largest railway system.

## Gettysburg Little Leaguers Blank Mt. Holly 8-0; Play For Title Friday Evening

Doug Appier turned in a brilliant one-hit shutout for the Gettysburg Little League All-Stars as they captured an 8-0 win over Mt. Holly Wednesday evening at Newville and this became the first Gettysburg team in the league's six-year history to go into the finals of the Area IV Little League tournament playoffs. Manager Noel Flynn's outfit took the opening game 8-0 over the Carlisle Nationals on Monday.

The local little leaguers will play the winner of tonight's game between the Carlisle Americans and Newville. The championship game will be played Friday night on the Newville diamond at 6 o'clock. Gettysburg's coaching staff said the squad will travel to Newville tonight to witness Carlisle-Newville game.

A large delegation of Gettysburg fans accompanied the team to Newville Wednesday and saw their favorites get off to a slow hitting start but to a quick scoring lead. The winners tallied once in the second when Nick Jones led off with a walk, stole second and came home on an infield miscue which put Mike Flynn on first.

Gettysburg added another score in the bottom of the third on a pass to Dane Kennell, a perfect sacrifice bunt by Eddie Tilberg, and a line-drive single over second by Johnny Longenecker.

**Clinching Rally**  
The big rally of the contest came in the fourth when the local squad pounded out five hits for five earned runs. Lead off batter Gene Schultz drew a walk and Roy Fairman was sent in as a runner. Roger Giberson then lashed a ground-rule double under the right field fence placing runners on second and third. With one out, Doug Appier helped his own cause with a single to right-center scoring Fairman. Kennell, Tilberg and Longenecker then lined singles to left scoring the remaining four runs.

The final Gettysburg tally came in the fifth when Rick Fisel got on via an infield miscue, went to second on a passed ball and came home on Mike Flynn's smashing ground-rule double over the left field wall.

The Gettysburg defensive team did not permit the Mt. Holly runners to pass second base throughout the game. The only hit given up by Appier came off the bat of Terry March in the second inning. In the sixth, Appier walked the two lead off men, Dale Herr and pinch-hitter Russell Cleaver, but the Gettysburg speed-bait fanned Tom Gumbly and forced Craig Hawkecker to hit into a snappy double play, McDermitt to Fisel.

Johnny Longenecker was the only local lead to collect a pair of hits. Appier faced only 18 batters, striking out seven and giving up three walks. Tom Crum went the distance for Mt. Holly and proved effective during the first three innings, but weakened in the fourth to receive the loss.

Many of the Gettysburg fans are expected to travel with the team Friday to witness the title game for this area.

## PICK ALL-STAR SQUAD FOR BIG LITTLE LEAGUE

An All-Star team to oppose coaches, managers and league officials in a game Friday evening, August 1, was selected at a meeting of the Big Little League Wednesday evening at the American Legion Home.

Three players were named from each team and the three outstanding pitchers were chosen.

The squad follows:  
Blue Ridge — Hardy Nichols, William Shoemaker and Eddie Gastley; Elks, Terry Hise, Carl Johnson and William Wirt; American Legion, Greg Maitland, Dennis Little and Terry Fox; Eagles, Bob Forney, Wayne Kenworthy and Ronald Sanders; pitchers — Don Coldsmith, Blue Ridge; Wayne Fissel, Elks, and Jim McClellan, Eagles.

Glenn L. Bream will manage the All-Stars and John Toggas will pilot the league officials.

**Playoffs Start Friday**  
Tonight the Eagles and Elks meet to make up their 4-1 game of July 11, the game finishing the regular league schedule.

Following the outcome of the game a flip of the coin will break the tie which is certain to develop for either second or third place.

The league playoffs will open Friday when Blue Ridge Summit, regular season titlist, meets the third place team. The second and fourth place teams meet Monday and the winners of the games will clash for playoff honors next Wednesday evening.

## Gettysburg Big Little Loop

The Elks scored three runs in the bottom of the sixth to defeat the Legion 6-2, Wednesday evening on the Rickie Weikert Memorial Field in a Big Little League contest.

Behind the three-hit pitching of Wayne Fissel, the Elks tallied runs in the first, third and fifth to win without trouble. Fissel struck out 17 batters, nine of which were in a row.

The only safeties allowed by the Elks' strikeout artist were by Greg Maitland, Paul Plank and Dennis Maitland.

Maitland went the distance for the Legion and had fine control, but lack of support in the field cost him the game.

Bill Wirt and Terry Hise paced the winners attack with a pair of safeties, Wirt getting a two-bagger. Tonight the Elks will clash with the Eagles in a makeup game to end the regular season.

### LIVING COSTS UP 105 PCT. IN 20 YEARS

By NORMAN WALKER WASHINGTON (AP) — Living costs have gone up 105 per cent in the 20 years since 1938, years that have included World War II and the Korean War.

That means that on the average, you must pay \$2.05 today for something you could have bought for a dollar back in 1938.

The government released its latest living cost index Wednesday. It showed a fractional rise from May to June, less than one-tenth of 1 per cent. But it was a new living cost record, the 20th set in the past 22 months.

5-Year Stanzas Government experts provided figures on request showing the story of those 20 years, broken down into 5-year stanzas.

Their data show that from 1938 to 1943 consumer costs rose 23 per cent; from 1943 to 1948, 30 per cent; from 1948 to 1953, 11 per cent; and from 1953 to 1958, with President Eisenhower in the White House, 8 per cent.

But while the over-all living cost level soared 105 per cent in those 20 years, some individual family budget items didn't go up that much and some advanced much more.

Food Up 151 Pct. For example, where the cost of gas and electricity rose only a little over 11 per cent, coal and fuel oil jumped 129 per cent.

In the 1938-58 span the cost of a new car rose 125 per cent, rent 60 per cent and food a whopping 151 per cent.

Hospital costs eclipsed almost everything else, rising nearly 300 per cent. Doctor fees increased 64 per cent, men's haircuts 206 per cent, gasoline 69 per cent, household appliances 33 per cent, newspapers 124 per cent and movie-admissions 120 per cent.

Oddly enough, costs of men's clothes in those two decades rose 110 per cent, but women's clothes climbed only 78 per cent.

Some Declines Too Now turn to the past five years under Eisenhower, in which living costs have risen 8 per cent. This again is a composite of many different changes.

For example, in the 1953-58 period food has increased 7.8 per cent, housing 8.6, rents 11, gas-electricity 9.7, coal-fuel oil 6.3, and clothing 1.8 per cent. Hospital costs rose 33 per cent, hospitalization insurance the same, haircuts 23.1, movies 25 and newspapers 20.

But in the past five years there were substantial price declines, too. Appliances, probably due to price discounts, declined 15 per cent, including TV sets 6 per cent, radios 10 per cent, refrigerators 33 per cent and vacuum cleaners 23 per cent.

Mixed Up Price World A pair of women's nylon stockings 13 per cent less than five years ago, men's pajamas 1 per cent less, bedsheets down 8.3 per cent and used cars 12.6 per cent less.

So it goes in the mixed-up price world consumers face every day. The only consoling thought is that the government price experts say they expect some modest living cost decline in the next few months as cheaper summer food supplies reach market.

### Cluster Of Engines Powers Atlas Missile

CANOGA PARK, Calif. (AP) — New facts have been disclosed about the Air Force's powerful Atlas missile.

The missile's propulsion system is a cluster of liquid-propellant rocket engines, the Air Force said Wednesday. It consists of a twin-chambered booster engine which sends the Atlas to the edge of

space, a sustainer engine which keeps it on course at high altitudes and two small stabilizing engines to control roll.

The thrust power of the system, designed and developed by Rocketdyne, a division of North American Aviation, Inc., was not disclosed.

Edmond ("according to Hoyle") Hoyle, who wrote the first book on card games back in 1742, lived to the age of 97.

WICHITA, Kan. (AP)—The first B52G jet bomber, which may be able to fly halfway around the world without refueling, rolled off the production line at Boeing Airplane Co. Wednesday.

Boeing says the new plane is in the 850 m.p.h. class, can go higher than 50,000 feet and has better range than its 6,000 mile plus predecessor.

Aviation writers who saw the plane estimated its range at 10,000 miles.

### HORSE WINNER IN 157-MILE UTAH MARATHON

ROOSEVELT, Utah (AP) — A winded, weary horse won, but a New York City policeman and a North Carolina postman made a good showing for the human animal in a 157-mile marathon race.

The horse, with 24-year-old Stewart Paulick of Tooele, Utah, aboard, crossed the finish line in the eastern Utah cattle town at 3:16 p.m. Wednesday — just 29 hours, 31 minutes and 42 seconds after the race began in Salt Lake City Tuesday morning.

Paulick's horse was placed under a veterinarian's care. It was feared he might be coming down with pneumonia.

When the horse reached Roosevelt, postman Paul Simpson, 53, of Burlington, N. C., was still running—about 60 miles from the finish. He vowed he wouldn't quit, but officials finally persuaded him to about 8 p.m. He was about 35 miles short of his goal.

Edo Romagnoli, 37-year-old New York policeman from Ozone Park, N. Y., was neck-and-neck with the horse for 100 miles. But he dropped behind and quit at the 118-mile mark—his toenails worn off and his legs aching.

Romagnoli covered the 100 miles in 21 hours, 22 minutes. Three distance runners and four horsemen started the marathon.

LONDON (AP) — King Faisal of Iraq, slain in the revolt that overthrew his government 10 days ago, left an estate in England tentatively valued at 26,876 pounds — \$474,253—the British public trustee said today.

A spokesman declined to say what the estate consisted of.

Who inherits the estate is in doubt. Most of the Iraqi royal family was killed along with Faisal.

# Littlestown PROTESTS BAR NAME CHANGE FOR 'M' STREET

As a result of protests by residents of the area, "M" Street in Littlestown will remain "M" Street.

Littlestown borough council at its June session authorized its solicitor to draft an ordinance changing the name of "M" St. to "Marian" St.

But they acted without reckoning with the affection the "M" Street residents have for the short and simple designation given their thoroughfare.

48 On Petition

At the July meeting of Littlestown borough council Tuesday evening in the office of Secretary Roger J. Keefer, Milton E. Harner, of 119 M St., appeared to tell council that "considerable contention had arisen among the residents when they learned of the proposal to change the name of the street from "M" to "Marian."

Harner presented a petition bearing 48 names of residents of "M" St. protesting any change in the designation of their street.

Council discussed the matter again. Then Councilman Bernard M. Selby moved and Councilman Charles E. Lemon seconded a motion rescinding the plan to change the name of the street. Council unanimously passed the motion.

Okay Annexation

The Littlestown council gave the "go-ahead" signal for annexation of 5 1/3 acres of land northwest of N. Queen St. to the borough.

The action came on formal petition from Attorney David S. Weinberg, Frederick, Md., for annexation of the area now in Germany Twp. The petition was signed by the owners, Scott S. Blair, David S. Weinberg and P. A. and S. Small. Council learned that the portion proposed to be annexed covers a proposed food market construction.

Council voted on motion of Councilman Robert J. Stonesifer seconded by Councilman Harry T. Harner that the borough solicitor, Atty. Edward B. Bulleit, and Secretary Roger J. Keefer be authorized to "take the necessary steps" in order that the area may become part of the borough.

Charles St. Plan Changed

After receiving a report from the street committee concerning street surfaces in need of repair including Lumber St. and E. Myrtle St. council authorized the street commissioner to "patch and repair the streets wherever they required the same."

Approval was given for the borough to purchase materials needed for reconditioning the tennis court at the playground.

Objection by Rev. Fr. Boyle to giving up four feet of property owned by St. Aloysius Catholic Church for widening of the first alley south of Charles St. led council to change a motion passed at a prior meeting. The prior motion had provided for widening of "M" St. and the alley. Since the objection was to giving up four feet of land for the alley because it threatened development of the church property the motion was changed to affect only the "M" St. side with council voting that "if St. Aloysius Church still desires to grant approximately three feet for widening "M" St., the borough's offer of \$500 for replacing the sidewalk owned by the church will remain."

Permits Granted

A water permit was issued to Grace I. Harget, Littlestown R. 1, for miscellaneous household unit for a two-story frame dwelling owned by Robert King, W. King St., Extended.

Building permits were granted as follows: Herbert D. Smith, 113 W. King St., removal of two shade trees; J. Mervin King, 109 Lumber St., painting and repairing two story frame dwelling; Mrs. Emma M. Stuller, 413 S. Queen St., painting and repairing two story frame dwelling; Joseph A. Shrader, 173 Cemetery St., removal of shade tree; Luke K. Frymeyer, Littlestown R. 2, concrete driveway for Morehead on Prince St.; Mrs. George W. Gordon, 138 Lumber St., to cover two story frame dwelling with composition shingles and to paint dwelling; Raymond C. Scott, 10 Lumber St., to paint and repair two story frame dwelling; Village Chevrolet Inc., to erect metal display sign overhanging sidewalk at No. 218 E. King St.; Otto C. Sells, 32 N. Queen St., to remove old roofing material and replace with composition shingles roof on two story frame dwelling of Glenn C. Breighner, 609 Prince St.

Financial Reports

Bills totaling \$2,111.68 from the borough fund account, \$1,989.11 from the water fund account, \$816.84 from the sanitary sewer fund and \$948.60 from the police pension fund were approved. Total expenditures from all funds was \$5,866.23.

Treasurer John H. Flickinger reported the following balances of funds as of June 30: State Highway aid fund, \$8,216.20; police pension, \$1,803.73; general borough fund, \$15,175.70; water fund, \$23,756.95 and \$862.26; sanitary sewer fund, \$34,453.29.

The treasurer reported income of \$607.51 including \$64 representing fines and \$45 meter bag rental from Burgess Elmer C. Miller, \$166.14 theater tax, \$165 fines from Justice of the Peace P. Loy Lindaman and the remainder from amusement permits, air compressor use, resurfacing costs, etc.

Chief of Police Calvin W. Murn-

meft reported meter collections of \$365.24, recovery of two bicycles valued at \$35 and a stolen car valued at \$2,800; 52 arrests for parking violations, 21 arrests for motor code violations including 10 for flashing red lights, seven for two fast for conditions, seven for reckless driving, one for making an illegal pass and one for making a

"U" turn at a traffic signal. Chief Mummert also reported his force provided five funeral escorts, and made seven investigations on criminal charges. President David L. Bedford presided at the council session with Councilman Harry T. Harner, Charles E. Lemmon, Fred W. King, Bernard M. Selby and Robert J.

Stonesifer present. Also present were Burgess Miller, Attorney Bulleit, Chief Mummert, Treasurer Flickinger and Secretary Keefer. Next meeting of council will be held August 26 at 8 p.m. Paul Pryor, husky Carolina League umpire, serves as a high school athletic coach during the

Texas Educator Is Penn State Speaker UNIVERSITY PARK, Pa. (AP) —The qualities needed in the men who will help shape the future of America were outlined Wednesday night for Pennsylvania school administrators.

Dr. Lawrence D. Haskew, dean of education at the University of Texas, told the state school leaders a new type of school administrator is needed in the coming "Age of Decision." The Texas educator spoke Wednesday at a session of the 36th annual conference of the state school officials.

GOP Candidate Losin Having Wonderful Ti NEW YORK (AP)—Heavy construction contract awards reported in the week ended Monday declined to \$455,420,000 from \$733,043,000 the previous week, Engineering News-Record and Con-

struction Daily said today. This compared with \$393,636,000 for the corresponding week in 1957. The current week's total brought to \$11,841,886,000 the volume for the 30 weeks so far this year, 7 per cent ahead of last year's pace.

## AP Reporter Meets Beirut Rebel Leader Behind Bars

Editor's Note—Wilton Wynn of The Associated Press has been a reporter in the Middle East for seven years. This week he was invited to be an overnight guest of rebel leader Saeb Salam in Beirut. He returned with this picture of life in the rebel quarter of the Lebanese capital.

By WILTON WYNN  
BEIRUT (AP)—"Put up your hands."  
It was so dark in the street that I could not see the rebel guard. But I heard the click of his gun. I put my hands up.  
"One of you walk forward."  
My comrade moved ahead, his hands still in the air.  
"Say the password."  
"About halmous."  
That was enough. We moved up to the sandbag barricade manned by five Lebanese rebels.  
This barricade lies across the street leading into the rebel-controlled Basta quarter of Beirut. For 76 days, the rebels have been in complete control of the sector in the heart of the Lebanese capital. Nobody has gone in or out without rebel consent.  
I spent a night with rebels in

Basta as guest of their leader, former Premier Saeb Salam. He is a dynamic, stocky man who has not left his house since Lebanon's crisis broke. And he does not intend to leave it till his arch-enemy, President Camille Charouni, resigns.  
From the shell-scarred roof of Salam's house it is easy at night to see the limits of the area he controls. At night Basta is completely dark. A ring of lights three blocks away marks the border of government-controlled Beirut.

**Life At A Standstill**  
Within this dark rebel city, life has been at a standstill for 76 days. Almost all shops are closed by a rebel-ordered general strike except bakeries and pharmacies. Barricades and trenches across the streets stop all traffic. At 8 o'clock every night, the rebels impose a curfew. Any man who goes out without the password is sure to get shot.

Just before midnight, a rebel staff sergeant took me on a round of the barricades. The password, about halmous, in English means roughly "Father of the Bald Head."  
One squad of guards lounged on a strategic roof, and the talk soon turned to the American forces in Lebanon. Someone mentioned that 16 American planes had been shot by small arms fire from rebels near Tripoli, in north Lebanon.

**Clear Out Snipers**  
"Saeb Salam has ordered us not to shoot at those planes," one of the guards said. "Otherwise the Marines would soon learn that Basta boys can shoot too."  
These men have cleared pro-

government snipers out of their own area and have consolidated their positions. They have strict orders from Salam not to shoot unless absolutely necessary, but to save ammunition and to avoid provoking incidents. The area is much quieter now than during the riotous early days of the rebellion, when pitched battles were daily occurrences.

Just before the curfew, we heard an explosion a few hundred yards from Salam's house. Another sounded after midnight, and in the early morning came the sharp rattle of machine-gun fire. But compared with the early days of the revolt, it was a quiet night.

## LEADER URGES STRONGER ARMS, CIVIL DEFENSE

PHILADELPHIA (AP) — Gov. George M. Leader asked the American Legion today to campaign for stronger armed forces and an all out program of higher education.

He also called on the legion to "awaken America" to the need for an adequate civil defense and for basic scientific research.

"The time has come when the veterans of America must take it upon themselves to awaken their sleeping compatriots to the danger which confronts us all," the governor said in a prepared speech.

He spoke this morning at the convention of the American Legion's Pennsylvania Department.

The governor stressed the need for a better education to meet what he described as a very serious threat from a Russia which is outstripping us in almost every field, especially modern weapons.

**Cites Program**  
"You may recall," he said, "that (my administration) introduced a program calling for scholarships, loans, and more community colleges. Unfortunately it failed to pass the Legislature."

Leader said unwarranted cutbacks have been made in the national defense program. He especially deplored efforts "to downgrade the effectiveness of the national guard."

The governor's speech launched the Legion convention's first formal business sessions, speeches and committee meetings on proposed resolutions.

U. S. Sen. Edward Martin (R-Pa.) and Mayor Richardson Dilworth are also on the agenda for speeches to later sessions.

**Some Resolutions**  
Several of the proposed resolu-

UAW's Ford department, said the union is seeking to increase supplemental unemployment benefits to 80 per cent of take-home pay for 52 weeks for laid-off workers. At present, maximum benefits are 60 to 65 per cent of take-home pay for 26 weeks.

## Death Toll Rises To 4 In Suffocation Case

DALLAS, Tex. (AP)—Two more children died Wednesday from being trapped in a stifling clothes closet, bringing the total deaths to four.

The children were trapped when the handle fell off the door of the closet in which they were playing.

When the mother, Mrs. Cardie McDade, a Negro, returned home Tuesday she found the four children trapped in the closet. Debra Joyce Moore, 3, and Tommy Allen Carr, 4, children by former marriages, were dead.

Carolyn Moore, 2, and Cloyce Moore, 6, were unconscious. They died in a Dallas hospital.

LONDON (AP)—A branch bank and its manager were ordered Wednesday to make up the 15,720 pounds (\$44,012) which a paint salesman lost on investments the manager recommended.

Ralston Woods, 38, told a court he wanted to put his money to work but had no business experience. He consulted Manager Joseph Johnson of his bank and both firms Johnson recommended shortly after it went bankrupt.

tions may provoke some controversy when they reach the floor of the convention.

One opposes a contemplated change in the state constitution which would delete the word "God" from the Commonwealth's basic written legal document.

State Supreme Court Justice Michael A. Musmanno has already indicated he intends to address the delegates in favor of the resolution.

Other proposals would increase Legion dues and stiffen penalties for serious highway motor vehicle offenses.

Some 3,000 delegates, guests and members of the Legion auxiliary are on hand for the annual convention.

practical, much too unworlily for this vale of tears.

**Overlook Connection**  
"Sunday they listen to the sermon and join the hymns. Monday they write their congressman about the fat in the budget — the fat that goes to pay for better health for the sick; better education for those who want to learn; better care for the needy."

"They fail to see the connection between the religion they profess and the government they elect."

"Yet the two are not at polar extremes. They shouldn't be. If this is a Judeo-Christian civilization, if this is a democracy in which the people themselves rule, government must — if we are to be logical — reflect what the people profess."

"William Penn also wrote this: 'Religion, pure religion, I say standeth not in wearing of a monk's cowl but in righteousness, justice, and well doing.'"

**Responsible Citizen**

"I happen to think that 'you can't be a responsible Christian without being a responsible citizen. Pontius Pilate washed his hands of his responsibility; but he is a poor model for the citizens and elected officials of a democracy to follow."

"Christ didn't wear a monk's cowl, or preach from the safety of an ivory tower. He participated in the problems of the world as much as any man who ever lived. He could, for example, have pretended He didn't see the money-lenders in the Temple. He didn't. He cast them out."

"And in so doing, He demonstrated a man's role in his society."

**Delegate Duties**  
"Christ, believed in the idea of personal responsibility."

"We, on the other hand, tend to delegate our Christian duties. We leave the headaches and brickbats of public life to the politician; we leave the trying problems of teaching a child to the school-teacher; we leave the poor to the social worker; we let our clergyman visit the sick."

"This simply is not good enough. No machinery has yet been invented to take over the responsibility of the individual."

**Christ, The Prototype**

"Christ was the prototype of the active Christian. I suggest to you that a democracy must also be actively Christian. For where the people rule, the people are responsible; and if they profess Christianity, they must logically search for men who will bring Christianity to government."

"The world needs positive Christians, strenuous Christians, muscular Christians in the doing of good."

"And if we can rally enough of them in America, we can establish and maintain true Christian government."

"Christianity is the most practical way of life ever devised. 'All we need do is apply it.'"

## Nine Kiddies Learn French In St. Joseph College Experiment

Under the watchful eye and exacting ear of Sister Margaret Flinton, D.U., professor of French at St. Joseph College, Emmitsburg, seven Sisters of Charity with a special aptitude in language are undertaking an experimental course in the teaching of French to elementary school children.

In addition to their regular studies in summer school and the routine language assignments, the Sisters each day conduct special conversation classes at St. Joseph College for a group of nine children ranging in age from 6½ to 11.

**Learn To Talk Naturally**  
Every day promptly at 11 a.m. the youngsters, all children of St. Joseph and Mt. St. Mary's faculty members, hustle to the French classroom at St. Joseph's where they are greeted in turn by the Sisters in French. Then for an hour teachers and pupils engage in a series of activities aimed at building a practical working knowledge of French on a useful level. They sing simple songs, count, play games, describe one another's dress and actions—all in French.

In each activity the group learns to build sentences out of the simple vocabulary they have learned. They talk to one another, follow the simple directions given, ask and answer questions.

Strict attention is demanded because members of the class are dispatched on errands such as opening the door or standing by the window—all as a result of the teacher's directions.

The boys and girls—there are three boys—seem to have a great deal of fun while they learn. They learn counting with lollipops or pieces of candy. Colors are indicated from their dresses or ties or the lollipops. They pick out items in the room such as a table, book, or chair and work them into sentences. They describe the portions of a book, the color of its cover, etc.

**Spontaneous Instruction.**  
All instruction is on a spontaneous level and the youngsters are quick to enter into the useful game. Certainly there are more grinning faces here than in most classrooms. They play guessing games to increase their vocabulary.

Two Sisters of Charity studying the instruction of French for elementary schools at St. Joseph College, Emmitsburg, greet their pupils outside the home economics building as they arrive for class. In the left line Donald Marshall watches as Jackie Dillon greets the Sister with a "Bon jour, ma Soeur." Maureen Waters, Marjorie Richards and Margaret Marshall wait their turn. In the second line Theresa Osborne greets Sister with Kathleen Osborne, David Waters and Anne Marshall waiting. (Times photo)

Actually Sister Margaret has two sets of pupils. Each day the Sister students take turns conducting the class and after the children have left, Sister Margaret wraps up the session with a critique of methods used, excellence of pronunciation, weaknesses of instruction, etc., so that the Sisters learn as they teach, just as the youngsters learn as they play.

The unusual class is aimed at giving the Sisters preparation for elementary school teaching of French which Sister Margaret feels will become more widespread in the near future. Experience has taught her that the young learn languages best and retain them better . . . and her St. Joseph experiment is proving her point. One deterrent to a more widespread study of modern language at the elementary school level right now, Sister Margaret points out, is lack of teachers. With hardly enough to handle secondary classes, the problem of staffing elementary schools is a difficult one. However, the Sisters of Charity already have elementary French instruction in two schools in Greensboro, N. C., and expect to start it soon in Harrisburg and at Mother Seton School in Emmitsburg.

### Stress Pronunciation

One of the great bug-a-boos of language instruction is proper pronunciation. Sister Margaret is very fluent and most exacting in French having spent a number of years in France and studied at the University of Paris from which she received her D.U.—Doctor of the University of Paris—degree. On the visit of the mother general of the daughters of Charity last month, Sister Margaret traveled extensively as the former's interpreter.

Sister Margaret declares that young David Waters, son of Mr. and Mrs. Donald Waters, professor of speech at St. Joseph, a second grader who is only six and a half years old, has caught the pronunciation better than the older children. Sister says triumphantly that it is because he is less self-conscious than the older pupils, particularly the older boys, who sometimes feel a little foolish. She maintains that if it were ordinary procedure to handle French—or any other language—very early, the shyness would disappear.

As the pupils gain confidence Sister Margaret and her colleagues turn attention slowly to grammar, pointing out the necessity of indicating gender by the use of the proper form of the article or adjective. From such elementary steps she will advance to the more intricate problems.

### Class Roster

The teachers besides Sister Margaret are Sister Christine Marie Timmerman, daughter of Mr. and Mrs. Fred P. Timmerman, 34 Federal Hill, Emmitsburg, a teacher at Our Lady of Victory School, Portsmouth, Va.; Sister Elizabeth Ann, Our Lady of Peace School, Canton, O.; Sister John Marie, St. Dominic School, Baltimore; Sister Mary Patricia, Our Lady Queen of Peace School, Washington; Sister Margaret, St. Ann School, Bridgeport, Conn.; Sister Ann Joseph, St. James School, Johnson City, N. Y., and Sister Ann Joseph Kilar, St. Mary's School, Troy, N. Y. Sister Elizabeth Ann, who has a way with music as with French, handles most of the musical portions of the class.

Pupils are David and Maureen Waters, Theresa and Kathleen

Osborne, daughters of Dr. and Mrs. William Osborne; Margaret, Ann and Donald Marshall, children of Dr. and Mrs. Marshall; Jackie Dillon, son of Mr. and Mrs. John J. Dillon, and Marjorie Richards, daughter of Dr. and Mrs. John W. Richards.

The instruction which began a week ago will continue until August 1.

### Have Good Time

That the youngsters are having a good time is obvious from the enthusiasm with which they enter into the class work. But each has favorite projects. Marjorie Richards likes the word guessing games best and tests her French on her father; Ann Marshall likes the greetings—and Sister Margaret stresses the French politeness and manners as well as the language formula; David Waters, with something of a flair for the dramatic and the unexpected, likes the picture-taking best of all although he did confess that he also liked to follow the directions.

The instruction which began a week ago will continue until August

Sister Margaret Flinton, D.U., professor of French at St. Joseph College, and Maureen Waters count lollipops and check colors in French. The students, left to right, are: David Waters, Theresa Osborne, Marjorie Richards, Margaret Marshall, Ann Marshall, Donald Marshall, and Jackie Dillon watch. In the back row Sisters Elizabeth Ann, Christine Marie, John Marie, Mary Patricia, Ann Joseph, Margaret and Ann Joseph Kilar watch the instruction. They are being trained by Sister Margaret to teach French in the elementary grades. (Times photo)

## EXPECT HOUSE TO PASS SOCIAL SECURITY JUMP

WASHINGTON (AP)—An across the board increase in Social Security benefits moved rapidly toward election year action in Congress today.

The House Ways and Means Committee reached all but final agreement on a flat 7 per cent boost in old age and disability payments, with a minimum \$3 increase.

1. By then Sister Margaret will have made her point, trained her teachers, and given a delighted group of youngsters a foothold in a new language.

crease for all persons now receiving retirement checks.

For those workers not yet at retirement age, it would mean deduction of up to \$25.50 more a year from their take-home pay because of a one-quarter per cent hike in the Social Security tax and enlargement of their taxable wage base from \$4,200 to \$4,800.

### Expected To Pass

The committee reached informal agreement on the benefit hike and an accompanying tax increase after rejecting a proposal for a flat 10 per cent raise in benefits. Some members, however, were hopeful the Senate would change House figures to bring the increase near the 10 per cent level.

Chairman Wilbur D. Mills (D-Ark.) said he hoped to have a completed bill ready by Monday for presentation to the House, where passage was regarded as certain. The benefit increase probably

would take effect next year along with the accompanying hike in the tax rate.

The committee plan also calls for a speedup in the schedule of periodic tax increases now provided under present law. It would move up from 1975 to 1969 the date when the maximum tax on workers and employers alike fall due, and raise the final tax rate from 4½ to 4¾ per cents.

### CAPTIVE AUDIENCE

GREENFIELD, Ind. (P)—Young Janet Blue didn't have much choice on which ring to buy in a Greenfield jewelry store.

"I believe I'll take this one," she told the clerk.

The clerk asked if she wanted it wrapped.

"No," Janet replied casually. "I'll just wear it. As a matter of fact, I can't get it off my finger."

# BRITISH SEAT FIRST WOMEN IN HOUSE OF LORDS

LONDON (AP)—For the first time in British history, four women were named today to the House of Lords.

They will hold special life peerages along with 10 men named by Queen Elizabeth II to put new life into the ancient, all-male chamber.

The new peeresses, who will take their seats in November are:

**Women Named**  
Barbara Francis Wootton, 61-year-old economist, author and former professor. One of Britain's leading intellectuals, she is a Labor party supporter.

Dame Katharine Elliot, 55, three-time British delegate to the U. N. Assembly, active Conservative party worker, and chairman for the Advisory Committee on Child Care for Scotland.

Baroness Ravensdale, 62, chairman of the National Assn. of Girls' Clubs and a leader in the

# MISS ANDERSON IS SENT TO U. N.

WASHINGTON (AP)—President Eisenhower has appointed Negro contralto Marian Anderson and six others as new members of the United States delegation to the United Nations.

Senate Foreign Relations Committee members said the nominations would get overwhelming confirmation.

Besides Miss Anderson, the president named Senators Mike Mansfield (D-Mont.) and Bourke B. Hickenlooper (R-Iowa) to represent Congress in the General Assembly session opening Sept. 16.

Other new members are Herman Phleger, Redwood City, Calif. attorney; George M. Harrison, president of the Brotherhood of Railway Clerks; Watson W. Wise, Tyler, Tex., businessman; and Irving Salomon, Chicago, board chairman of Royal Metal Manufacturing Co.

campaign to put women in the House of Lords.

The Dowager Marchioness of Reading, chairman of the Women's Voluntary Services for Civil Defense, which she founded in 1938.

# AGREE ON ACID MINE DRAINAGE FOR FISH KILL

HARRISBURG (AP)—State authorities held today to the theory of acid mine drainage as the cause of last week's big fish kill on the Susquehanna River in the face of charges of whitewash by Sunbury area sportsmen.

"It's the only thing we can imagine that might have caused it," said F. B. Milligan, chief of the State Health Department's industrial wastes section.

"We don't have positive proof. And it's conceivable we could be wrong. We'd be delighted if somebody could show us conclusively that something else was responsible. But for now we'll have to go along with the acid theory."

"You know, the validity of this theory was shown conclusively back in 1935 from actual tests and observations. It was accepted by the sportsmen for over 15 years. Now they seem to have forgotten."

Thousands of fish were found dead last week along a 40-mile stretch of the river between Montoursville and Northumberland.

# Army-Civilian Team Gets Waves Off Moon

FT. HUACHUCA, Ariz. (AP)—An Army-civilian team believes it may have been the first to bounce ultra-high frequency radio-telephone waves off the moon and back to earth.

Technicians from the signal corps and the Collins Radio Co. of Cedar Rapids, Iowa, announced they had recently sent a radio-telephone message from this fort to Encino, N.M., using the moon as a passive relay.

The first radio contact with the moon was made in 1946 by the Signal Corps at Belmar, N.J.

# STEVENS TALKS ABOUT ROADS

EASTON, Pa. (AP)—The state Highways Department is working hard to make Pennsylvania's secondary roads good enough for today's bigger and faster cars and trucks.

Lewis Stevens, state highways secretary, said a high percentage of the secondary roads are too narrow for modern vehicles. Inadequate sight distance, poorly

# SOUTHERN LASS IS MISS U. S. FOR MISS UNIVERSE

By DIAL TORGERSO  
LONG BEACH, Calif. (AP)—Miss Louisiana, a slender blonde with that special sparkle, is the new Miss United States in 1958's Miss Universe contest.

Eurylyne Howell, 18, has the quality, the beauty pageant's top judge described this way: "You fall in love with her as soon as you see her."

Eurylyne has a dazzling smile, blue eyes and long, honey blonde

banked turns, reverse curves and other deficiencies make much more of the secondary system obsolete, he said.

Speaking to the Pennsylvania letter carriers Assn., Wednesday, Stevens stressed that the conditions can not be blamed on the present Democratic administration. He said:

"The facts are the condition has been growing steadily over the decade as the automotive industry has outstripped the highway planners, in their rush to sell bigger and faster cars and trucks."

# Police Tell Logic In Arrest Reports

SAN DIEGO, Calif. (AP)—Police Sgt. Ernest Nelson says one can learn a lot about logic from arrest reports.

He cited a few instances: A man arrested for drunk driving said, "I won't take that test (intoximeter) because it will show I've been drinking."

A driver involved in a collision with another car said, "I hit him because he didn't drive fast enough for me."

Three persons served warrants for non-payment of traffic fines commented in succession: "I paid it," "I forgot it," and "If I knew you were coming for me I wouldn't have been here."

A picnic shoulder may be baked as you would a regular ham; allow 2½ hours at 325 degrees for a picnic weighing about 5 pounds. If you use an oven thermometer it should read 162 degrees. Score the surface, spread with a cup of brown sugar mixed with 3 teaspoons of dry mustard and then glaze in a hot (400 degrees) oven.

Canned tomato sauce or condensed tomato soup may be used as a base for a barbecue sauce. Onion, green pepper, garlic, Worcestershire sauce will need to be added.

## OLD SPONSOR SIGNS ERNIE FORD AGAIN

By GABRIEL DAVIDSON

HOLLYWOOD (AP)—Tennessee Ernie Ford was asked if he planned any changes in his television show this fall. He didn't say yes or no or maybe. He said: "No use digging bait when you got a boatload of fish."

That's a Fordism. Ernie's no simple yes or no man. When the occasion calls for it he comes out with a country-style metaphor to fit. And usually it fits very nicely.

### Some Typical Phrases

Asked for a few typical Ford phrases he came up with a hefty list, some of Tennessee origin and others coined by Ernie. Here they are, mostly self-explanatory:

"I'm tired as a two-pound hen that's laid a three-pound egg."

"Thicker than fleas on a wet dog."

"Colder than a beaver's belly."

"I handed you a bucket, you may as well milk."

"Nervous as a long-tailed cat in a roomful of rocking chairs."

"I feel like I been rode hard and put away wet."

"Like A Sackful Of Doorknobs."

"She's built like a sackful of doorknobs."

"Redder than a gander's feet in a huckleberry patch."

"Tossed me from the buggy before I was finished riding."

"It's as useful as a milking stool under a bull."

"It caused as much talk as a new rooster in the hen house."

Ford is doing very well in television and television is his mainstay. Unlike many other entertainers, he does not make movies or go out on night club dates, although he does appear at state and county fairs. His other entertainment activity is making records.

Ole Ern is a strong believer in the relaxed, comfortable school of television.

"Bringing a show into the home is altogether different from the theater or a night club," he commented. "I keep remembering that I am being watched in the living room, where people are relaxed—where Pop is in his shirt-sleeves, and where there is no baby sitter and they can change the channel at any moment."

Maybe the hillbilly singer has got himself a pretty good formula. At any rate, while his network (NBC) was retrenching and still hadn't re-sold many of its shows for the fall season, Ford was already signed up tight by his old sponsor and already making commercials for fall.

KINGS MOUNTAIN, N.C. (AP)—Christmas cards are coming early for Postmaster Charles Alexander. He says his friends are trying to beat the Aug. 1 deadline for higher postage rates.

## Will Make Good On Forged Notes

HACKENSACK, N. J. (AP)—A new group of Bergen County residents is ready to make good \$150,000 in allegedly forged notes issued to companies of Pittsburgh financier Earl Belle and his associate Mitchell D. Ostwind.

Belle and Ostwind, now in Rio de Janeiro, Brazil, were charged Tuesday by the FBI with fraudulently converting \$62,500. Belle and Ostwind say they are innocent.

Attorneys for the Manufacturers Bank of Edgewater said the group is prepared to purchase all available stock in the bank and name a new president and board of directors.

The bank was closed last Thursday by the State Dept. of Banking and Insurance after an examiner questioned the notes.

## MAY GIVE VIEWS ON GOP PLANKS

HARRISBURG (AP)—Pennsylvanians interested in helping to form the Republican platform for the Nov. 4 general election campaign may submit their views to the platform committee by Aug. 6.

The committee will meet the following day to fix dates for public hearings on the proposed platform plank at Philadelphia, Pittsburgh and Harrisburg.

The proposed platform will be placed before the Republican state committee at Pittsburgh Sept. 6.

Rep. Albert M. Johnson, Republican floor leader and committee chairman, asked for the views of interested organizations and individuals after an organizational meeting of the committee here Wednesday.

This was the first time the GOP listed plans for public hearings on its platform. Democrats already have done so.

Mrs. Sara G. Leffler, Lebanon, was selected committee secretary at Wednesday's meeting, and Miss Gloria Sabbatini, Philadelphia, was chosen assistant secretary.

SALES TAX TO STAY

PITTSBURGH (AP)—Mayor David Lawrence of Pittsburgh, Democratic candidate for governor, maintains the sales tax is now part of Pennsylvania's fiscal structure.

Lawrence told a reporter Wednesday he will retain the tax if elected. He said he hopes to avoid any new taxes.

TO MANY TWINS

HAMILTON AIR FORCE BASE, Calif. (AP)—Staff Sgt. and Mrs. James Busby need a bigger home—and quick. Mrs. Busby, 26, gave birth to twin boys 10 months after having twin girls. Neighbors help take care of the girls while the sergeant goes house hunting.

"We've got to have another room," he said.

## SAYS NEW IRAQ GOVERNMENT IS NOT COMMUNIST

Editor's Note — Talbot Patrick, editor-publisher of the Rock Hill (S.C.) Evening Herald, arrived in Baghdad two days before the July 14 revolution overthrew the monarchy. Here is his report on the politics of the new revolutionary government, written for The Associated Press.

By TALBOT PATRICK  
(Written for The AP)

BAGHDAD (AP)—Iraq's new revolutionary government, by actions even more convincingly than by words, has shown that it is not pro-Communist.

The first day of the revolt, Iraqi newspapermen told me repeatedly later, Communist leaders proposed to the army officers leading the rebellion that a National Guard or militia be formed to help in possible defense of the new government. The proposal, I was told, was turned down flat.

During the first two days of the revolution, Communist and anti-Western slogans were red-painted on many walls and houses. Signs were put on the front of

British-owned stores and firms: "Don't buy from foreigners."

By the third day, the army officers who led the revolution were bringing into the government, as Cabinet ministers and in other important positions, mature men of known ability and recognized position. Most of them had records of opposition to the former regime.

Then the army issued an order that anybody caught painting up Communist slogans would be court-martialed. Under army directions, the red paint of the Communist slogans was blanked out with green paint.

Censors in newspaper offices blanked out from the reports and editorials they read all pet words and phrases of the Communist line, according to Iraqi newspaper acquaintances.

Not Joining UAR

Although there now is the censorship of newspapers, local newspapermen look forward to a time when the new government feels more safely established. They hope then for more freedom than under the royal regime.

Iraqis who were interested and sympathetic observers of the new revolutionary government said the new regime definitely does not intend that Iraq become a part of the United Arab Republic of Egypt and Syria.

There is a strong conviction that

## Montana Marriage Licenses Available

BELLINGS, Mont. (AP)—There are a lot of people who might have trouble proving they are married.

Clerk of Court Andrew Palo has between 10,000 and 20,000 original marriage certificates that have never been turned over to the owners. Some are as old as 1887, before Montana became a state. They run into the 1930s.

Palo explained that years ago the Clerk of the District Court kept the original marriage certificates on file. Then, in the 1920s, a Montana attorney general ruled that the original licenses be delivered to the owners.

## FISH ON SPREE

Hagan had provided the intoxicant unknowingly. He had dumped a lot of plums into the pond. Fermentation set in, and the fish got "plum" drunk.

## Life In The United States Is Easier Than Anywhere Else

By LAURANCE F. STUNTZ  
NEW YORK (AP) — I suppose Rip Van Winkle felt something like I did.

Rip slept for 20 years. I was away for 16. We both had surprises due.

To tell the truth, I was a little afraid of coming back. But the kids were growing up and it was time they had some American schooling.

That's why I left the Associated Press foreign service and came home after 16 years in Latin America.

My first discovery was that life in the United States — if you speak English — is easier than anywhere in the world.

Things work. Public utilities get turned on promptly. You can buy anything you can afford. People do what they say they will when they say they will.

On the other hand, the U. S. is getting more like Latin America in some ways. Take the simple matter of getting a hat cleaned in New York City.

Signs Mean Nothing  
Lots of shoe repair shops display hat cleaning signs. But it doesn't mean a thing. "We don't do that kind of work any more," they tell you.

I finally wound up in a side street hat store. They did the job. But it took a week. In Mexico, they do it in two days.

American department stores are just too big for a simple provincial from south of the border. It takes too long to find what you want to buy.

But it is a rather a relief after not being able to find it at all in the biggest store in Rio de Janeiro.

The food stores are wonderful. You can get anything you want all the year round.

Latin America exports its best bananas to the United States. I didn't have a really good one for 16 years.

Best Crop Exported  
Same with coffee. The best of the crop is exported. Even the growers drink second-rate stuff.

The vending machines everywhere were a surprise. I'll bet I could live for weeks on what I could get out of a machine. I'm getting calouses on my thumb from feeding in the quarters.

One of my nicest surprises, believe it or not, was the income tax.

For one thing, it's not as big as I had judged from the moans of my U. S. dwelling friends. For another thing, you get so much for your tax money.

Get Drinking Water  
For that, I get water I can drink right from the faucet. No filtering and boiling first.

I get honest policemen who don't come around once a week or month for their "tips." I get wonderful free lending libraries. I get the schools.

And I get pretty reliable weather reports, fairly clean streets and a system of public transportation that usually works.

Furthermore, my tax bill gives me a license to complain. The average American living abroad has to keep his mouth shut about things. After all, it's not his country.

I must say, though, that the railroads here seem to have fallen apart. Trains are mostly dirty and frequently late. On the other hand, buses are bigger, cleaner and faster.

No War Psychosis  
American attitudes proved to be not what I expected.

There doesn't seem to be any war psychosis. Nobody seems to think that he, personally, is in any danger from The Bomb.

Right now, everybody is talking about the recession. To a veteran of the 1933 bank holiday, things ought to be pretty worrisome.

But I don't know anybody who is saving money to be ready for a real depression. And there are still more classified ads offering jobs than there are houses for sale.

I haven't made up my mind about television. I still get along with the old-fashioned radio.

And the rock 'n' roll doesn't bother me a bit. It couldn't. Not after years of Mexico's cha cha cha, Rio's samba and the Argentine tango.

NEW PLYMOUTH, Idaho (AP) — Gene Killebrew has sworn off "do-it-yourself" projects after his first attempt. While connecting his new air conditioning system, he hooked into the hot water pipe instead of the cold and wound up with a houseful of steam.

FAT OVERWEIGHT

## SAYS 'SURPLUS' IS IMAGINARY

HARRISBURG (AP)—A top Republican spokesman contended today a fiscal report by the administration showing a \$1.5 million dollar surplus for the first year of the biennium "is just window-dressing."

Rep. Norman Wood, chairman of the House Appropriations Committee, contended the surplus reported in an accounting of general fund expenditures for the first half of the biennium "is an imaginary surplus, created by juggling figures."

"In the first place," said Wood, "any statement about a surplus at this time is meaningless, because we may easily come up with a deficit of 50 million dollars or more at the end of the biennium unless general fund revenues are greatly increased during the next year."

## Private Appears Before Col. Twice

MADISON, Wis. (AP)—When Pvt. R. L. Dommerhauser came home on leave, appearing before a colonel and being told to shine his brass buttons was about the last thing he expected to do.

Appearing in police court on a minor traffic charge, he discovered that acting superior court judge Carl Flom was a colonel in the Army Reserves and a thorough lecturer on polishing brass buttons.

Judge Flom, however, dismissed the private's case.

He added: "I certainly hope that this can be accomplished but it will mean that the tax revenues will have to run 14 million dollars above estimates in 1958-1959 because they were 14 million dollars below estimates in the first year."

## WOULD BOOST NATIONAL DEBT

WASHINGTON (AP)—Sen. Stuart Symington (D-Mo.) called today for another increase in the national debt limit to cover bigger defense spending.

Symington, in a speech prepared for floor delivery, said that if this is not done, there will be "a repetition of last year's cash crisis in the Pentagon."

Meanwhile, it was learned that Secretary of the Treasury Anderson already has sounded out key members of the House Ways and Means and Senate Finance committees on a further boost in the debt ceiling.

It was understood also that Sen. Harry F. Byrd (D-Va.), Finance Committee chairman, has agreed some increase probably will be needed, but has urged Anderson to hold the limit to 285

## Most Comply With New Regulations

NEW CASTLE, Pa. (AP)—An official of the State Labor and Industry Dept. says retail business operators in all parts of the state are making an earnest effort to comply with the newly adopted minimum wage regulations for women and children.

Mrs. Anna L. Hoffer, attached to the Dept.'s Bureau of Women and Children, said Wednesday that employers are giving "generous and favorable" attention to the regulations. She spoke at a

billions of dollars.

Symington said that the administration's decision not to ask for an increase in the 275 billion ceiling last year caused a disastrous stretch-out of defense spending last fall.

This not only lessened the nation's military strength but also helped bring on an economic recession, he said.

## SWIFT HOUSE OK EXPECTED ON DEFENSE BILL

WASHINGTON (AP)—Swift House passage was expected today for a compromise defense reorganization bill hailed by President Eisenhower as meeting most of his specifications.

The Senate was set to act soon afterwards, sending the bill to the White House and almost certain approval by Eisenhower.

The bill, approved Wednesday by meeting of the Retail Members of the Greater New Castle Assn.

Women and minors in major cities must be paid at least one dollar an hour for their work in retail trades under provisions of the new order.

Senate-House conferees, embodies much, but not all Eisenhower sought in the way of authority to reorganize the Pentagon.

What Ike Wanted  
Essentially the bill accomplishes what Eisenhower advocated to clarify the command of the President, through the secretary of defense, over Army-Navy-Air Force-Marine task forces in the field.

But Congress, traditionally insisting on preserving the identity of the separate services, did not give the defense secretary all the peacetime power Eisenhower advocated to tighten organizational control over the services. Moreover, Congress wrote in some provisions which it described as safeguards but which Eisenhower has criticized as possibly obstructive.

The measure does reduce the powers of the service secretaries and the individual military chiefs.

## ANOTHER SHOCK JARS JAPAN'S SOCIAL CUSTOMS

By RELMAN MORIN  
The Associated Press

TOKYO (AP) — A year ago this spring, a wedding in Tokyo sent another shock-wave through the crumbling social customs of Japan. The bride and groom were, and still are, both in college.

In the United States, student marriages take place every day. But in Japan, this is something brand new. It represents an almost unbelievable change in Japanese ways.

Before World War II, virtually every marriage in Japan was "arranged" by the parents. The young people were permitted some latitude of choice, but not very much. Then there was the "mi-ai," the "meeting-to-see," and finally, after much supervised formality, the wedding.

Today, the Japanese say, about half of all marriages are still arranged. But since the war, "dating" and companionship, American-style, have become common. Young Japanese, having the opportunity to be alone together, decide for themselves whom they want to marry.

**Win Over Objections**

Even that represented a great break with the past.

The student marriage carries the change one step further.

Kazuo Kiryu is 23. Reiko Shimizu — his wife retains her maiden name — is 22. They both graduate from college this year. He plans to teach, she wants to write and possibly to teach.

Their decision to be married is a switch on the two-can-live-as-cheaply theory. "We wanted to save time for study," they said. "We were together so much anyway it seemed pointless to be apart."

Their parents objected. Their friends advised them against it. They were reminded that they were not in a position to support themselves.

They finally won over their parents. Just a year ago, they were married.

They now live in a two-room house behind the bride's family home.

Did American movies or books, or the social changes that came with the occupation, influence them?

**Love Major Factor**

"No," Reiko said. "But the new constitution of Japan, stressing human rights and individuality, influenced our thinking."

What do they think of the "arranged" marriage.

"In an arranged marriage," Kazuo said, "there is no element of love or respect for the other person. We think the major factor in marriage should be love."

At this moment, Japanese audiences are laughing hilariously at a sequence in a motion picture in which the wife goes to an office every day, leaving the husband at home to cook and clean house. This seems the wildest fiction in a country where, traditionally, the husband is the undisputed master of the family.

But it is no fiction with Reiko and Kazuo.

"He not only helps with the housework," she said. "He does half of it. We agreed on that before we were married. He does the shopping. I do the cooking, and we both keep the house clean."

Times have changed in old Japan.

### CHIEF OKAYS SACKS

SACRAMENTO, Calif. (AP) — The state fire marshal is on record as favoring the sack dress.

Joe R. Yockers, the marshal, wrote in a bulletin to fire chiefs, the sack may have some strange bulges elsewhere, but being tight around the hem, it's not as likely to catch fire from fireplaces, wall heaters or ranges.

### FALSE ALARM

PAWTUCKET, R. I. (AP) — A half-dozen heavily armed policemen burst into a branch of the Citizens Savings Bank in answer to the bank alarm. There was no robbery. A curious 3-year-old girl pushed the bank alarm button while her parents were discussing a mortgage with the bank manager.

Mix together the honey, mustard and ground ginger; spread over butt. Place in slow (325 degrees) oven about 20 minutes. Makes 6 servings.

## RIGHT PLACE AT RIGHT TIME

OMAHA (AP) — As far as Mrs. Harold Rock is concerned, her nursing class couldn't have picked a better place for a reunion than Clarkson Hospital.

In the midst of the reunion, Mrs. Rock realized that something was about to happen which would take precedence over the reunion.

She took the elevator to the maternity ward where a short time later she gave birth to a six pound, 15 ounce son.

## FOX HAS ALLIES

STREET NAMES SOUGHT HONOLULU (AP) — City planners are hard put to find names for new streets in Honolulu.

In the past, Hawaiian names have been used but most of these have already been used up. Worse yet, dangers lurk in trying to combine English and Hawaiian words.

Said one city planner: "In working out new names, we've actually come up with some immoral words without knowing it."

## AP Newsfeatures Beauty Editor

There must be an advantage in having a celebrity's name, says 17-year-old Mary Martin, "because nobody ever seems to forget you."

The Tylertown, Miss., belle, who just won a national homemaking contest and a \$5,000 college scholarship that goes with it, says she's sure, however, that "it didn't influence the judges."

Lovely, slim, green-eyed Mary, had to wait until she was a senior at New Zion High School before she could enter the contest but "after four years of waiting, I knew I'd have a chance if I did get the opportunity, and I knew exactly what I wanted to say in the homemaking questionnaire."

## Specialty Is Cooking

Her specialty is cooking, "I've been doing it since I was 11," she says, "and pies and cakes are my forte."

Devil's food cake is her claim to fame at home. "It's my father's

favorite recipe," she says. But her young friends seldom get a chance to sample that or her other culinary achievements, and the young men of Mississippi may never know what they missed.

"We live too far away from each other to congregate after school at dance, record or nibble sessions, as young people up North can do. Most of my friends live on farms as I do."

But that has its advantages too, because sitting around a soda store could make you fat, grins Mary, who claims to be a hearty eater but doesn't have that corn fed look. She has the slim lines of a fashion model, a beautiful complexion and lustrous eyes.

"I don't have time to gain weight," she says. "I help my father on the farm with the chickens and cows. I'm pivot on our basketball team. I am a 4-H girl. I pick berries, walk in the woods, and across the fields. Even the daily walk down to the mail box is quite a hike."

She likes every vegetable from carrots to turnip greens, drinks lots of milk, eats all meats, fish, oysters, and, of course, fried chicken. She adores corn bread sticks.

## Has Another Thrill

Mary plans to study home economics at college, but she doesn't plan to work after marriage, unless she finds a man who can't support her.

Her biggest thrill, next to winning

# HOME SEWING CONTESTS ARE TOUGH TO JUDGE

By DOROTHY ROE  
Associated Press Women's Editor

When it comes to stretching a clothing budget, today's high school girls show all the financial acumen of a Wall Street mogul.

Given a few yards of inexpensive fabric and a few dime-store trimmings, a sewing-minded teen-ager

the prize, was seeing Maurice Chevalier perform at the Waldorf, and hitting the jackpot of seeing him do an important duet with Marlene Dietrich, who is the audience.

"They were the first celebrities I'd seen close up. They're wonderful. Miss Dietrich is beautiful," says shining-eyed Mary.

One of 49 finalists brought to New York for the award-winning dinner, Mary had no idea she had won until the announcements were made. She has one sister, Frances, 15. Her father and mother, Bird and Clara, are teachers in the school she attends, where she is scheduled to give the valedictory speech on her return.

can whip up a creation that will be the envy of her classmates. Skirts particularly are a favorite sewing project, since one basic pattern can be varied indefinitely to fit any occasion from picnics to proms.

Local sewing center experts come up with a suggestion for an informal skirt, to be made from a simple gored skirt pattern. Black cotton-sail cloth, pique or twill—is used for the basic skirt. It then is trimmed with eyelet-edged red bandannas, which double as pockets.

## Method For Making

Here's how it's done. Select eyelet ruffling with a permanent finish to cut down on ironing time. Stitch ruffling around all four sides of four bandannas. Pin bandannas in place on skirt, then stitch in place. Leave top corner unstitched and turn down to form pocket opening.

Each bandanna forms a big pocket. However, if you feel that the pockets are too big, you may stitch a semi-circle through the middle, the make an average-size pocket.

Trim an extra bandanna with the same ruffling, to use as a scarf. Other versions the handkerchief technique also are popular with the young crowd. Some select bright colored pocket handkerchiefs and stitch them in haphazard design on a skirt for a patchwork effect.

Another bright idea is to stitch a clothesline, using rickrack braid as the line, wide striped bias tape for the posts and attach vari-col-

# Figures Income Tax On Board; Throws Away

ALBUQUERQUE, N.M. — After recently examining the income tax returns of two New Mexico ranchers involving a joint venture, a U. S. Internal Revenue Service agent here requested records from the pair to verify the transaction. One of the partners sent the following reply:

"Well, I'll tell yuh. We sat on a corral fence and figured the deal out on a piece of board. Then I gave Sam a check for his part and threw the board away."

## BUSINESS LIKE BEGGAR

EL PASO, Tex., (AP) — Police in Juarez, Mexico, just across the border recently arrested a beggar who said he made \$15 to \$30 a day begging from tourists and Juarez residents.

The 66-year-old beggar, picked up in a routine roundup, carried three money bags. One contained dollars, another pesos. The third was empty and was used to hold the day's "earnings," police said.

So, even though the clothing budget is slim, the girl who is handy with her sewing machine can have a wide and varied wardrobe.

# Ulanova, Russian Balerina, Uses 'Inner Depth' To Hold Audiences

By ANGELO NATALE

MOSCOW (P) — The Bolshoi Theater spotlights focused on the ballerina — a tiny figure on the massive stage — while the audience watched in reverence. The audience wept as the silent Juliet danced her way to death to join her beloved Romeo.

There was a moment of complete stillness as the plush curtain fell. Then came tumultuous applause and wild cheers of "Ulanova, Ulanova."

The delicate ballerina, looking no older than the 14-year-old Juliet she portrayed, bowed her head with an air of gratitude.

Galina Ulanova, considered the world's greatest ballerina, had achieved another evening of personal success. She managed to capture her audience, make them forget they were watching ballet but instead become a part of Juliet's suffering.

Is 48 Years Old

This is the goal of the great ballerina, says Ulanova. And it's a goal which can be achieved only after many years of hard work — after the ballerina has mastered all technical aspects of her art. Modest, restless Ulanova shows very few signs of her 48 years. Her hair is graying. She makes no effort to disguise this. There are small lines near her eyes and on her neck.

But when Ulanova moves, even off-stage, or talks with her animated gestures, she is a young girl.

The greatest ballerina in the world? "It's only in the West that I am put on such a high pedestal," Ulanova says modestly. "Over here we do not raise ourselves to such levels."

But despite Ulanova's contention that there is no room in the Soviet Union for a "world's greatest ballerina" title, her Soviet admirers are quick to call her this. As a child Ulanova never had an intense desire to be a ballerina. But her ballet-trained parents enrolled little Galina in the Leningrad Choreographic School to see "if I might develop into a ballerina."

Parents Were Dancers

Ulanova was born Jan. 8, 1910, in Leningrad. She started dancing when she was nine. Her father had been a dancer and then stage manager. Her mother enjoyed a brief fling as a ballerina but then turned to giving ballet lessons. Ulanova spent her childhood in a hostel — or boarding school. Then came her training as a ballerina at the Leningrad school, from which she was graduated in 1938. Until the start of World War II, when she was evacuated from the city, Ulanova danced at the Leningrad Academy Theater.

Ulanova feels the glowing praise of her artistry from the West is a

result of the Bolshoi's performance in London last year. It was the first time the Bolshoi presented complete ballets outside the Soviet Union.

Wants Complete Ballet  
"A ballerina needs a complete ballet to really perform. She does not have the time to convey the inner depth of a role when performing only excerpts from ballets," Ulanova said.

Dancing of excerpts — or divertissements — is out for Ulanova. "I've come to the stage where mere technique or the outer context of a role fails to satisfy me. I've got to have a strong inner theme to express a heroine's actions."

"Swan Lake or Sleeping Beauty are great spectacles," she says. "The music by Tchaikovsky is fine. But the subject matter does not give me a chance to express character."

And so Ulanova, whose dancing as "Odette" in Swan Lake always dazzled her audiences, refuses to perform this ballet again. The heroine, she says, is too shallow. She makes no sacrifices for "something bigger than herself."

Practices Daily

But Juliet in Prokofiev's ballet, or "Giselle," or "The Red Poppy" (which is called "Red Flower" in the Soviet Union) is Ulanova's meat.

In each case, Ulanova says the heroine "sacrifices her life for something important." These roles "provide the opportunity to express the feeling of sacrifice for some bigger thing in life."

It is only through roles like these that the ballerina can achieve the "ideal worth striving for." This ideal, she says, is to "get the people in the theater to become so involved that they forget they are watching ballet and become swallowed up by what's happening on the stage."

Ulanova hasn't slowed down from her early days as a ballerina. As little and supple at 48 as she was twenty years ago, Ulanova practices faithfully at least one hour a day. When she's trying a new role, her daily practice sessions are much longer.

She performs on the average of two or three times a month at the Bolshoi. "I'm trying to preserve myself," she says with a grin.

Heavy Schedule In 1958

But in London last year, Ulanova danced 13 performances in less than a month. "I can allow myself to do this once a year," she says.

Her schedule is even heavier this year. She performed with the Bolshoi group at the Brussels World Fair. And she plans leaving with the Bolshoi for a run in Paris.

"You can not rest on past laurels," says the energetic ballerina. And, she says, that's the best advice she can offer a newcomer. Work, work, work if you want to master your art.

"It's my personal opinion that a ballerina does not become 'great' until she is 25 or 30 years old," says Ulanova. "Only in the more mature years can the ballerina have mastered all the techniques necessary to perform the role correctly."

"Then she can begin to concentrate on the meaning of the role, and seek to capture its inner depth to convey to the audience."

Her expressiveness onstage is what captures her audiences. And if the Soviets don't actually call her the world's greatest ballerina, they mean the same thing when — at the end of her every performance — they roar "Ulanova, Ulanova."

If you haven't a candy thermometer, test by pouring about half a teaspoon of the hot candy into a cup that's about three-quarters full of cold water.

## TEEN TALK

By VIVIAN BROWN

The Associated Press

Leave it to the teen-age set to be trend setters. A little-girl head-band now the rage with big girls and mom, too, started out on the

heads of young moderns. A department store sold them by the bushel after a newspaper ad at \$2 a piece. Two models who purchased some couldn't get all the colors they wanted, so duplicated them at their own.

"Make the bow separate, though," is the advice of model Lynn Thomson. Just take a length of one-inch grosgrain ribbon, make a tailored bow in front (about 2 inches) put a piece of elastic at the back, and a button if you like, and presto, a headband.

Flowered straw headbands are popular, too. These come with a single large rose or a row of flowers and buds. For chignon wearers there are halo flower bands that circle the bun. Then there are colorful straw elastic bands for ponytails, and ponytail bracelets with tiny fruit and flower ornaments.

In 1964, the under-20 group will form 40 per cent of the total population of the United States, 77 million people, said a speaker at a fashion group lunch. So imagine

how they'll set trends then.

Colored Stockings

Young moderns are wearing colored nylons for dress-up wear, and these are really putting the pall on plain old beige. Circus navy is a bright shade that is popular with navy blue; pink popcorn is a beige with a pink undertone. It is worn with pink, white and pastel prints. There is a frosty orange to wear with sun-kissed hues and black panther, a new sheer, sophisticated black shade that is popular with girls who have

gone in for the new short skirts. Parisiennes have gone ga-ga for tinted hosiery developed here, fashion spies say.

Piano is becoming a popular form of entertainment with the young set again, and not since mom's day when teen-aged groups gathered 'round the old player piano has the keyboard been so popular.

Song Fest

One new song book, especially for teen-agers, is "The Guy from Central High." Composer Stanford King has created a series of new

piano books, including this advance, and the purpose is to keep you practicing piano as you play popular songs.

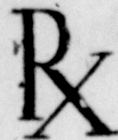

There's a number called "A Bass Meant for Fun" that keeps the left hand busy with boogie woogie while the right hand rocks and rolls. Another helps you practice counterpoint, and a "Sweet Shoppe Serenade" calls for changing fingers on the same key in rapid two-note phrases.

# POTATO CAKES ARE POPULAR IN PENNSYLVANIA

By CECILY BROWNSTONE  
The Associated Press

Ever visit an old-time cook and gobble up a plateful of potato pancakes as fast as she could take them out of the frying pan?

Crisp around the edges, golden brown, they're made chiefly from grated raw potatoes and eggs. Applesauce is their traditional accompaniment.

You'll find these pancakes called potato cakes (kartoffelkuchen) in Pennsylvania-German country. They probably originated in Germany where they are specialties in the Rhineland and Berlin.

We don't know how potato pancakes came to be associated with applesauce. A Rhenish dish of mashed potatoes and applesauce is called Himmel und Erde (Heaven and Earth). Sounds as if, ages ago, someone discovered the combination was wonderfully good!

The potato pancake recipe we are giving you is our version of a classic one. It calls for the grated onion added by one school of cooks, omitted by another. Other versions have mashed potatoes thrown in. Still other substitute cracker meal for the flour, and some cooks add both.

## Grating Potatoes

One of New York's oldest and most famous German restaurants adds nutmeg and parsley and serves the pancakes with stewed apples and crisp bacon. The stewed apples are customary in some regions of Germany and in others the pancakes are offered with mixed stewed fruit.

The only work involved in making the pancake mixture is grating the potatoes. Cooks differ about just how the potatoes should be grated. Some want them fine, some coarse; we like them the latter way. There are differences of opinion, too, about whether the potatoes should be drained (when they are finely grated) before they're mixed with

the other ingredients. We used long white potatoes when we tested this recipe. Those are the smooth-skinned potatoes that are in markets all summer long.

**Potato Pancakes**  
Ingredients: 1 pound potatoes, 1½ teaspoons finely grated onion (½ of a small onion), 2 eggs, 1 teaspoon salt, ¼ teaspoon double-acting baking powder, 1 tablespoon flour, ½ cup (about) corn oil.

Method: Pare potatoes and at once grate coarsely (using a grater whose slots are 3/16 of an inch wide); there should be 2½ cups packed down. Mix with onion. Beat eggs until thick and ivory-colored; beat in salt, baking powder and flour; fold in grated potatoes and onion. Heat ¼ cup of oil in a 10-inch skillet to 380 degrees if electric skillet is used. Drop heaping tablespoonfuls of mixture into hot fat, taking up some of liquid

at bottom of bowl each time. Spread potato shreds thin over each pancake as soon as they are dropped into fat. Cook until golden-brown on each side. Add more oil as needed for each batch. Place cooked pancakes in slow oven or on top plate of very hot rotisserie as they are cooked so potato shreds will mellow and soften a bit if necessary. Serve piping hot with applesauce of a fine brand of sliced apples packed in sugar syrup. Makes about 16 pancakes.

## HIGH ON THE HOBBS

HOBBS, N. M. (AP) — Hobbs High School is the first New Mexico team to win three consecutive state basketball titles.

The Eagles from southeastern New Mexico established the record by downing Santa Fe High School 76-75 in the finals of the Class A tournament at Albuquerque.

# PARENTS MUST BE SURE EACH CHILD IS LOVED

By DOROTHY V. WHIPPLE, M.D.  
The Associated Press

The other day I was having lunch in a small restaurant. In the booth opposite was a young mother and her two children, a little girl about 18 months old and a little boy about three. I was struck by the difference in the way this mother treated her two children. I am sure it was quite unconscious on her part. The little girl, it seemed, could do no wrong, but the little boy could do no right. "Don't bite that straw, Billy. I won't let you have any more if you

can't suck it properly. You know how to do it." The straw of Billy's milkshake got flatter and flatter. Mother angrily grabbed the glass from him and put it on the table. Billy didn't put up any fuss, he turned his attention to his hamburger.

## Favoritism Unethical

Mother had an arm around the little girl. "Another bite, Lisa, darling," the mother cooed. Lisa turned her head, opened her mouth for the bite, but her little chubby hands dove into the mashed potatoes on her plate.

"All right, sweetie, have it that way if you like." And mother beamed approval. Meanwhile Billy was busy. Mother turned to him and her whole manner changed.

"Billy," she yelled, "put that pepper down, you know you're not allowed to have pepper."

Billy went right on peppering his hamburger. Mother pulled her arm away from Lisa knocking over a glass of milk, flounced toward Billy and said angrily:

"Why can't you ever behave — can't you see I'm busy with Lisa?" Billy sat back on the bench, put his thumb in his mouth and sulked. And so it went from beaming approval of Lisa to angry condemnation of poor little Billy. Not only the words but the tone of voice and the facial expression changed completely as this mother paid attention first to one child and then to the other.

What did the children get out of this attitude on the part of their mother? It is really pretty obvious. Billy felt rejected and unloved. Nothing he did was any good. He was much too young to put it into words but he wasn't too young to feel. He was anxious about his place

in the world, he was afraid and lonesome.

## Must Feel Secure

To a little child the most important thing in life is to feel secure with his parents, to feel that he is loved just the way he is. This does not mean he'll have a smug self-confidence and want always to stay as he is. Quite the contrary he has an inner push that makes him want to grow and develop and change, but he also needs the deep down security of knowing that in the eyes and heart of his protecting parents he's a pretty good guy. That feeling gives him the confidence to try new things and to grow up normally.

In Billy's anxious state all he wanted to do was revert to the babyish behavior of sucking his thumb.

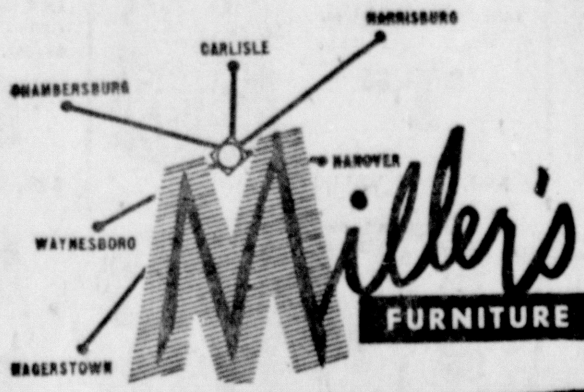

And how about Lisa? She was too young to be much concerned about her mother's attitude toward

## FORMER STARS STILL ACTIVE

NEW YORK (AP) — Two former individual champions of the Eastern Intercollegiate Baseball League are still active in the 10-team conference. Robert (Red) Rolfe, ex-Yankee third baseman who won the stolen base title in the EIBL in 1931, is Dartmouth's athletic director. Tony Lupien, former member of the Boston Red Sox who won the batting title for Harvard in 1938 and 1939, coaches baseball at Dartmouth.

her brother. But it won't be long before she will sense the difference and if I don't miss my guess she will be a little girl who will rule the whole family — never a happy situation for any member of the family.

Watch your attitude toward your children and don't play favorites.
